Dear Dr. Hackett:

We are writing to thank you for providing support for the Gordon Research Conference. All participants appeared to agree that this conference represented the state of the art in the field. It would not have been possible to have had such a successful conference were we not able to bring people from all over the world to participate. Your contributions helped significantly in this regard and I am writing on behalf of the Organizing Committee to express appreciation for your contribution to this endeavor.

Yours sincerely,

Lester Packer
